

2018 Summer Internship Opportunities Available

Country Visions Cooperative is seeking summer 2018 agricultural Interns with a focus in Agronomy.

Country Visions Cooperative is based out of Eastern Wisconsin and can trace its roots back to 1918. Country Visions Cooperative has grown over the years because of their dedication to service and building long-term relationships from generation to generation.

Country Visions Cooperative is looking for interns who have a passion for agriculture, learning, working hard, and being around people. Through this internship we will try to give you the best developing experience for your future career.

Internship tasks would include: Crop Scouting, Research Projects, Sales Practice, further understanding of Agronomy, Grain, and Products. Country Visions Cooperative is willing to help customize the experience to make it what you would also like to learn.

The locations seeking interns include:

- Plymouth
- Ripon
- Reedsville
- Valders
- Chilton

If interested, please send your resume and cover letter to jkuffel@cvcoop.com.
