
Country Visions Cooperative and CP Feeds award 10 - \$1000 Scholarships

Country Visions Cooperative and CP Feeds presented scholarship awards to ten exceptional area high school students. The students were each awarded a \$1,000 scholarship to further their education at a college, university, technical or vocational school.

To be eligible the parents, parent, or legal guardian of the student must be a member of Country Visions Cooperative or CP Feeds and purchased a minimum set amount of goods and services in the year prior to application. The scholarship recipients were selected on the basis of academic performance, recommendations, essay question response, extra-curricular activities, employment experience and completion of application. Country Visions and CP Feeds have a significant presence in the farming communities, therefore, preference was given to students majoring in agriculture related fields.
